👤 PROFILE

I am a hardworking and dependable team player who loves to learn new skills. I first started programming with C# and Java in college and enjoy the process of planning and developing systems, implementing new frameworks and solving problems.

💼 EMPLOYMENT HISTORY

Self Employed Courier, Bury St. Edmunds, Suffolk

October 2020 — Present

- Delivered packages in a timely manner, requiring planning and keeping to a schedule
- Taking responsibility of a manifest and planing an optimal route for delivery

Underwriter at Fleetcor, Ipswich, Suffolk

October 2015 — March 2020

- Performed credit checks on new customers to determine their risk potential and amount of credit to be extended. This involved working closely with external credit reference agencies as well as the sales department.
- Carried out reviews on existing customers to assess their current level of risk
- Assisted the Collections Department in the chasing of late payments.
- Trained new staff members and assisted my team leader with interviews.
- I was the underwriting point of contact for the the development of an automated end-to-end underwriting system. I was also the underwriter tasked with monitoring the credit outcomes of the automated system and providing feedback to the developers.

Kitchen Porter at Edward & Blake, Culford Boarding School, Suffolk

September 2014 — October 2015

- Assisted the chefs preparing lunch and dinner service
- Set up dining room for meal times and cleaned the dining room and kitchen afterwards
- Loaded and drove the kitchen van, delivering food for private functions

Farm Worker, USA & Czech Republic

March 2013 — September 2014

- Working independently, operating tractors and skid steers for hay production.
- Assisted in the preparation of fields for sowing
- Performed general farm tasks and maintenance

🎓 EDUCATION

Microsoft Technology Associate Certification: Introduction to Programming Using HTML and CSS, IT Career Switch

April 2021 — April 2022

I have recently completed training with IT Career Switch, which included courses on Full-Stack Development, C#, Java, PHP, Python and jQuery.

I am also competent in the use of SQL, React, Express and Node.js

BTEC Level 3 Extended Diploma in Electrical & Electronic Engineering, West Suffolk College, Bury St. Edmunds, Suffolk

September 2010 — June 2012

This diploma covered 18 engineering modules. My personal favourites were Software Design and Development, Selecting and Using Programmable Controllers, and Designing and Constructing Digital Systems. It also included modules in English and Further Mathematics. I achieved this diploma with the grade of Distinction, Merit, Merit.

GCSE's, County Upper School, Bury St. Edmunds, Suffolk
September 2006 — June 2009

I achieved 11 GCSE's with Grades A-C including Maths and English.

Other Qualifications

- Level 2 Certificate in Agricultural Tractor Driving and Operations
- AAT Level 2 Certificate in Accounting
- Level 1 Certificate in Construction Skills
